GUARANTEED GREEN WALL PAPER FOR JUDGE MANN

Attorney for Defense in Ma-
jors Case Finds Tribute
From Friends on His Re-
turn.

DEFENDANT'S INNOCENCE WAS CLEARLY PROVEN

When Judge Edward A. Mann re-
turned to his office in the stern build-
ing this morning after an absence of
ten days during which he has been
conducting the successful defense of
H. H. Majors at Alamogordo, who was
charged with having murdered his
wife and daughter by arsenical poi-
soning, he found suspended before his
desk a huge sheet of dark green wall
paper. Inscribed on the sheet were
the words, "Guaranteed under the
pure food and drug act, June 20,
1901." The wall paper was a tribute
from Judge Mann's friends in the
building, led by State Senator Isaac
Barth, and referred to the contention
of counsel for the defense in the Ma-
jors case, that the traces of arsenic
found in the bodies of the first Mrs.
Majors and her daughter, might have
come from green wall paper used in
their home.

"The innocence of Mr. Majors was
clearly proven," said Judge Mann this
morning. "The man is absolutely in-
nocent and not only to the knowledge
of his friends and neighbors, but to
the satisfaction of Judge and jury, it
was shown at the trial that he was an
exemplary family man, a devoted hus-
band and father and generous with his
family to a fault. The case of course
attracted wide attention and the
court room was crowded from the be-
ginning to the end of the trial. The
number of women who attended was
especially noticeable. At the opening
of the trial sentiment in the commu-
nity was against the defendant, but
as the case progressed it changed
notably and at the end there is no
doubt that the vast majority of people
in Alamogordo and the county were
convinced of his complete innocence."

Judge Mann did not care to dis-
cuss the details of the trial for pub-
lication. Associated with him in the
defense were H. B. Holt of Las Cruces
and Harry M. Dougherty of Socorro.
Mr. Holt had special charge of the ex-
pert testimony and three expert
physicians, including Dr. J. B. Wroth
of Albuquerque, and a number of
chemists were included in the battery
of specialists introduced by the de-
fense.

The prosecution was conducted by
District Attorney Hamilton, assisted
by L. O. Pullen of Roswell.

While Mr. Majors was indicted for
an alleged attempt to poison his pres-
ent wife, who appeared as a witness
for her husband, it is expected that

this indictment will be quashed.
Major, it is stated by those who
have seen him since the trial, while
happy in his acquittal, is physically
seriously broken by the strain and
disagree to which the trial has sub-
jected him.

ANOTHER BIG CLAIM AGAINST VICTOR FUEL CO.

Laborer Asks \$25,000 for Loss
of an Arm Injured in Cave-
in in Navajo Mine Last
April.

Matt Melkusch, a laborer, today
filed suit in the district court against
the Victor-American Fuel company of
Gallup for \$25,000 damages which
he claims to be due him for the loss
of an arm, amputated because of in-
juries received in the company's Na-
vajo mine at Gallup, on April 26th,
of last year. The complaint alleges
that Melkusch, who brings suit under
the poor person statute, was in-
jured by a cave in of a roof which
had not been supported properly by
the company. This is the second
suit filed against the Victor-American
this week, the first being for
\$55,000 for an accident attributed to
a broken cable in the same mine.
The Loretto Literary and Benevo-
lent society today filed suit against
Melkusch and Barbara Leal de
Garcia for possession of a piece of
land bordering on the Alameda
grant in Sandoval county, formerly
in this county, and for \$5,000 dam-
ages to cover loss and costs of the
action, during time property has re-
mained in the possession of the de-
fendants. Frank W. Clancy and M.
C. DeBacca are attorneys for the
plaintiff.

Judge Reynolds today gave a ver-
bal decision in the case of P. H.
Strong vs. Dr. J. E. Kraft, an action
alleging breach of contract con-
nected with the sale of a ranch in Mora
county, holding that the defendant
was not entitled to rescind the con-
tract involved.

The court gave judgment in the
sum of \$1,150 against the Tobin es-
tate in favor of St. Joseph's hospital
for the amount sued for.

Judgment was given for the de-
fense in the case of Teofilo Chavez
vs. the estate of Solomon Loma. In
which plaintiff sued on an alleged
balance of wages due him as a sheep
herder. The court ruled that ac-
tion should have been brought in the
probate court.

An order was given to correct the
tax rolls of 1912 exempting Mrs. A.
Whitcomb from paying the 25
per cent penalty for failure to make
return on certain property in Albu-
querque, failure to return having
been through error.

The sale of lots 5, 6, 7 and 8 in
block 2 of the Jesus Apocana ad-
dition, by the estate of Concepcion
Cardelaria, to David Hoch, for \$500
was approved by the court.

Marriage Licenses.

County Clerk Walker today granted
marriage licenses as follows:

Juana Maria Sanchez and Miguel
Arango, of Atrisco.

Dora E. Campbell and Guy W.
Connor of Albuquerque.

Rupie Named Probation Officer.

Judge Reynolds yesterday an-
nounced the appointment of B. Rupie,
at present court interpreter, to be
probation officer for this judicial
district. Under the constitution
the district courts of New Mexico
have their jurisdiction extended to
take in all the functions of a juve-
nile court, but until the present week
the court has had no occasion to
exercise this portion of his authority.
Several cases were before the
court during the week, however,
of juvenile offenders and on of these
required the services of a probation
officer.

The court yesterday afternoon
completed the hearing of the case of
J. P. Sheehan vs. St. Joseph's san-
itarium and heard the evidence in
the case of the sanitarium against
the estate of Peter Tobin, in which
the hospital seeks to collect \$1,150
for services at the hospital. The de-
fense alleges that \$1,200 was paid
to the hospital which, it is claimed,
was to have been in full settlement
of all charges up to his death. The
hospital contends that \$2,150 is still
due on the account.

The court issued an order yester-
day directing the tax collector to
accept a settlement agreed in by the
district attorney in payment of tax-
es for 1910 and 1911 on property in
blocks 55 and 56 in the New Mexico
Town company's addition, this being
a final settlement of a suit of the
property by Ambrosio Candelaria,
trustee, et al, under order of the
court.

Goes further than
green tea—and more
refreshing, too.

GHASTLY ATTEMPT AT SUICIDE ON TRAIN TO THIS MORNING

William G. Northcogg, Travel-
ing to Kansas With Wife
and Four Small Children
Slashes Arteries in Legs.

PROMPT SURGICAL AID
MAY SAVE HIS LIFE

Temporarily Insane as Re-Ac-
tion From Drink He Thinks
Detectives Are After Him.

Temporarily crazed, probably as the
reaction from a period of hard
drinking, William G. Northcogg, trav-
eling from California to Kansas, with
his wife and four small children,
made a ghastly attempt to kill him-
self as Santa Fe train No. 10 was
nearing Albuquerque this morning.
Northcogg, it is stated, had been
drinking heavily several days ago and
was in a highly nervous condition. He
occupied a berth in a tourist car, and
passengers in the car noticed his ex-
treme nervousness and uneasiness
during the trip east. The wife, how-
ever, had no reason to believe that
the man had lost control of himself
and was merely shocked when he was
carried to his berth from the men's
toilet room in the end of the car,
bleeding horribly from great wounds
which he had gashed in his legs with
his pocket knife.

Northcogg went into the toilet
room and deliberately carved his way
into the flesh, taking the right leg
first. This he cut to the bone, severing
arteries and muscles clean. He
then tackled the left leg, which he
deeply but not so badly mutilated.
The cuts are high up and large blood
vessels were severed. The man's cries
attracted the attention of the train
crew who hurried him to his berth
and did every thing possible to check
the flow of blood. They were par-
tially successful in shutting off the
gushing arteries, and the injured man
was hurried to St. Joseph's hospital
when the train arrived here. Dr. W. H.
Lovelace operated at once. The
job was a very difficult one, owing to
the depth of the wounds. It is Dr.
Lovelace's opinion, however, that bar-
ring blood poison, of which there is a
risk, the man will recover. When
taken from the train Northcogg ap-
peared to be fairly sane. Although
very weak he was fully conscious and
helped the ambulance attendants in
putting his stretcher through the car
window. He told Dr. Lovelace that he
believed detectives were on his trail
and that he thought it best to
evade them by death.

Northcogg is between thirty-five
and forty years of age and a clean
looking man. His wife is prostrated
by the tragedy. The family is in poor
circumstances. Mrs. Northcogg was
too broken by the tragedy to talk this
morning. She is staying with her hus-
band at St. Joseph's.

LEAVES TRAIN AT NEWTON TO COMMIT SUICIDE

A suit case, the property of D.
Sullivan, of Springfield, Mass., was
taken from Santa Fe train No. 1
here last night, on telegraphic in-
structions from the police at New-
ton, Kan., and is being held for in-
vestigation.

Sullivan, who was 27 years of age
and who carried a ticket from
Springfield to Ash Fork, Ariz., left
the train during the stop at New-
ton and did not appear in the tourist
car when the train pulled out. A
short time after the train left New-
ton he shot and killed himself. No
reason for the suicide is known.
Passengers on the train last night
told a Herald reporter that Sullivan
seemed an unusually pleasant man
and appeared to be in good health
and spirits.

PASSENGER ON LIMITED WOUNDS THE TRAIN CREW

The dining car and train crew of
the California limited through Albu-
querque this morning had some-
cause for worry because of the some-
what curious table manners of one
of the passengers. The dining car
steward noticed this morning at
breakfast that a young man, accom-
panied by an elderly man, who
proved to be his father, was eating
large lumps of butter with his fin-
gers. Watching closer, he found the
youth playing with every evidence of
satisfaction, with the edge of a steel
knife, feeling the blade and remark-
ing on its sharpness. It was found
on inquiry that the young man is of
unsound mind. His relatives were
respectfully requested to have his
meals served in the dining room
during the remainder of the journey.

HOW'S THIS?

We offer One Hundred Dollars Re-
ward for any case of Catarrh that
cannot be cured by Hall's Catarrh
Cure.

P. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known

BIG RAILROADS AND PACKERS FACE REBATE CHARGE

Chicago and Northwestern,
Pennsylvania and Ann Ar-
bor Companies and Swift
Concern Are Indicted.

SWIFTS FACE POSSIBLE
FINE OF \$1,200,000

(By Leased Wire to Evening Herald.)

Chicago, Jan. 31.—Indictments
charging rebating on the part of the
Chicago and Northwestern railroad,
the Pennsylvania system and the
Ann Arbor Railroad company of
Michigan, and Swift and company,
meat packers, were returned today
by the federal grand jury which has
been hearing evidence for several
weeks from special agents of the in-
terstate commerce commission. Swift
and company are charged with ob-
taining alleged rebates from the Ann
Arbor road by getting carload rates
on less than car shipments.

The Pennsylvania lines east of
Pittsburgh are charged with rebat-
ing to the W. H. Merritt Grain com-
pany of Chicago by allowing switch-
ing refunds to which the grain com-
pany was not entitled.

The Chicago and Northwestern
lines are accused of granting re-
bates to David Butler and company,
coal dealers, on shipments of coal
from Little, Ind., to Evanston, Ill.,
by means of an improper combina-
tion of rates.

SWIFTS FACE POSSIBLE FINE OF \$1,200,000

Chicago, Jan. 31.—Indictments
charging rebating were returned by
the federal grand jury here today
against Swift and company, the Pan-
handle lines and the Chicago and North-
western railroad. Two bills were
found against the Panhandle.

Swift and company face a possible
fine of \$1,200,000. The bill charges
sixty alleged violations of the inter-
state commerce laws. The Pitts-
burgh, Cincinnati, Chicago and St.
Louis railroad, known as the Pan-
handle, and the Pennsylvania com-
pany, are named in one joint in-
dictment and a separate indictment
in addition is returned against the Pan-
handle.

CHILDREN HATE OIL, CALOMEL AND PILLS

"California Syrup of Figs" Best for
Tender Stomach, Liver, Bowels
—Tastes Delicious.

Look back at your childhood days.
Remember the "dose" mother insisted
on—castor oil, calomel, cathartics.
How you hated them, how you fought
against taking them.

With our children it's different.
Mothers who cling to the old form of
physic simply don't realize what they
do. The children's revolt is well-
founded. Their tender little "insides"
are injured by them.

If your child's stomach, liver and
bowels need cleansing, give only deli-
cious "California Syrup of Figs." Its
action is positive, but gentle. Millions
of mothers keep this harmless "fruit
laxative" handy; they know children
love to take it; that it never fails to
clean the liver and bowels and
sweeten the stomach; and that a tea-
spoonful given today gives a sick child
tomorrow.

Ask your druggist for a 50-cent bot-
tle of California Syrup of Figs, which
has full directions for babies, children
of all ages and for grown-ups plainly
on each bottle. Beware of counter-
feits sold here. See that it is made by
"California Fig Syrup Company." Re-
fuse any other kind with contempt.

DIES AT THE AGE OF NINETY-SEVEN YEARS

Mrs. Manuella Chavez de Nunez
Lived Near a Century in Suburb
of San Jose.

Mrs. Manuella Chavez de Nunez,
for nearly a century a resident of the
village of San Jose, just south of the
city limits, died at her home at 7:20
last night of paralysis, having reached
the age of ninety-seven. She is sur-
vived by a son, Jose E. Chavez, and
a daughter whose home is in Las Ve-
gas. The funeral will take place to-
morrow morning at 9 o'clock from the
Sacred Heart church with burial in
the San Jose cemetery. The vener-
able woman had many friends in
San Jose and throughout the county
and until a month ago when stricken
with paralysis had enjoyed very good
health.

Mrs. Mary E. Wood.
Mrs. Mary E. Wood, wife of James
M. Wood, died Friday at the family
home, 122 South Walter street, after
long illness. Besides her husband
she is survived by a daughter, Fran-
ces. The family came here six
months ago from Fort Sumner, N. M.
The funeral announcement has not
been made.

GOVERNMENT MUST CONTROL WIRES SAYS BURLESON REPORT

Department Committee Rec-
ommends Congress Acquire
by Purchase Monopoly of
Communication Systems.

REVOCABLE LICENSES
TO PRIVATE CONCERNS

(By Leased Wire to Evening Herald.)

Washington, Jan. 31.—Postmaster
General Burleson today submitted
to the senate the recommendations
of the departmental committee ap-
pointed by him to investigate the
practicability of government owner-
ship of telephone and telegraph lines.
The report declared that "the only
way to afford to the people the com-
plete and modern postal facilities that
the constitution makes it the duty of
the government to provide" is by
carrying out these suggestions:

"First. That congress declare a
government monopoly over all tele-
graph, telephone, and radio communi-
cation and such other means for the
transmission of intelligence as may
hereafter develop.

"Second. That congress acquire
by purchase at appraised value the
commercial telephone network, ex-
cept the farmer lines.

"Third. That congress authorize
the postmaster general to issue, in his
discretion and under such regulations
as he may prescribe, revocable li-
censes for the operation, by private
individuals, associations, companies
and corporations, of the telegraph
service and such parts of the tele-
phone service as may not be acquired
by the government."

The recommendations are signed by
Daniel C. Roper, first assistant post-
master general; Merritt O. Chance,
chief clerk, postoffice department;
and John C. Koons, superintendent of
salaries and allowances, composing
the committee. The report says:
"According to the best available
data the capitalization of the long
distance and toll lines represents ap-
proximately \$200,000,000 and the cap-
italization of the entire commercial
network approximately \$500,000,000.
The cost to the government would be
less than the appraised value, since
it would be undesirable for the gov-
ernment to purchase the real estate
holdings of the companies. Ex-
changes it is believed could be leased
until accommodations could be pro-
vided in the postoffice and stations."

WOULD YOU LIKE TO KNOW HOW TO GET WELL?

If So, Here Is Something of In-
terest to You.

Dr. Schwenker will be pleased to
explain how osteopathy by promoting
perfect flow and pressure to the
blood stream, by freeing all glands
of elimination and all depressed
and weak nerves, can and has ef-
fectually removed causes for nearly all
who have taken the treatment, even
critical cases that had been told that
an immediate and serious operation
was their only hope. Do not consent
to the use of the knife before a con-
sultation with him. Appendicitis,
wall stones, renal calculi, gravel and
many forms of tumors can be cured
without surgical interference.

OSTEOPATHY is much more pow-
erful and effective than the average
mind can realize for the cure of
many forms of chronic diseases.
Rheumatism, constipation, kidney and
liver troubles, deep-seated diseases of
the nerves, stomach and bowels all
readily yield to the influence and sci-
ence of Osteopathy.

In order to keep abreast with the
advancement in the treatment of
germ diseases of the air passages the
doctor has recently installed a com-
plete inhalatorium with cabi-
nets—the only one in New Mexico or
Arizona. With this combination the
doctor is enabled to cure many heret-
ofore incurable diseases of the nose,
throat and lungs. If you have cat-
arrh or lung trouble, consult him in
time. Hundreds have taken these
treatments as a last resort and now
are cured. Do not waste any more
time drugging and suppressing your
symptoms. To conquer the seat of
disease, destroy the germs and effect
a perfect elimination.

MEANS HEALTH.

HANDSOME GIFT TO KURN BY FELLOW SANTA FE OFFICIALS

Officials of the Santa Fe system
on the western division, who have
been associated with general super-
intendent, James Kurn, during his
long service, today presented him
with a handsome diamond ring as a
token of their friendship and good
wishes for his future. Mr. Kurn
will leave La Junta this evening for
Detroit where he will make his
headquarters as general manager of
the Detroit, Toledo and Ironton rail-
road.

The advisability of placing
your Jewelry and Important
Papers in a safe deposit box in
the vaults of this bank is clear-
ly apparent because you are
always conscious that your
valuables cannot be lost or
stolen.

We rent safe deposit boxes
in which may be placed invest-
ment securities, contracts, in-
surance policies, heirlooms,
etc., for \$2.50 per year.

FIRST SAVINGS BANK AND TRUST CO.

Albuquerque, New Mexico
Open Saturday Evenings and
Railroad Pay Days
Until 8 P. M.

TO SPEND SUNDAY LOOKING FOR METEOR

Albuquerque Motorists to
Move En Masse on Sandia
Mountains Tomorrow to
Solve Mystery.

Practically all the motorists of Al-
buquerque and a good part of the non-
motoring population will start early
tomorrow morning, horse, foot and
dragons, toward the Sandia moun-
tains to solve the mystery of the me-
teor believed to have fallen from
space upon the rock-ribbed sides of
the range on Thursday evening at
7:40, with a jar which shook this city
from stem to stern. Quite a number
went out yesterday to look for signs
of a bull wide hole in the ground, but
so far as can be learned no one found
it.

Martin Garcia, employed at the La
Luz mine at the north end of the
range, arrived in the city yesterday
and announced that 150 pounds of
dynamite had blown up in a store-
house at the La Luz mine at about
the same time many Albuquerque
people saw the alleged meteor. Yet
people at Bernalillo heard no noise
and saw no flash, and there are many
who believe that 150 pounds of giant
powder would not produce a jar that
could be felt at this distance. Again,
many who saw the light and heard
the noise here declare the light de-
scended from above and the consensus
of opinion is that the flash seen
here was further south than the La
Luz mine and much brighter than
such a dynamite explosion could
cause. B. Rupper, one of the prin-

cipal stockholders in the La Luz, will
go out tomorrow to investigate and
the meteoric motorists declare they
will comb the mountains from one
end to the other to find the meteor,
if necessary. The theory is also en-
tertained that the meteor exploded
the powder, although no one so far
has suggested that the explosion
caused the meteor.

Dr. C. A. Eller will go out in his
car tomorrow to get Prof. Kirk of the
University and others who have been
searching the woods and cliffs for the
past thirty-six hours. Dr. Eller
started out for them last evening but
was unavoidably detained.

Trimble's Ivory, 311 W. Copper.

CONSULT AN OPTOMETRIST

Never select glasses for yourself,
and never purchase glasses from a
spectacle peddler.

The stock of such spectacle sellers
is as defective as their knowledge of
optics. The lenses are carelessly
ground, and frequently not alike, and
wearing them usually results in pain
in the eyes and injury to the sight.

Then there is frequently the con-
dition where the two eyes are not
alike, requiring a specially ground
lens for each eye, of different
strength. Such glasses are not found
in the peddler's stock.

We, on the other hand, have the
knowledge and the appliances neces-
sary to detect unequal vision or any
other defect, and grind lenses to suit.
If in doubt about your eyes consult
us. It's free.

C. H. CARNES

OPTOMETRIST.

Phone 452. 114 West Central.
